

1. General

Authority:	Saudi Standards, Metrology and Quality Organization (SASO)
Regulations:	<p>In March 2018, SASO has announced new Energy Efficiency Label regulations.</p> <p>These regulations are designed to ensure that the energy consumption efficiency for each product is documented. This helps Saudi Arabian consumers choose the most efficient product.</p> <p>Household appliances manufactured for sale in Saudi Arabia have to follow specific regulations related to energy efficiency. Electrical home appliances, such as refrigerators, air conditioners, washing machines, electric motors and lamps, require energy efficiency approval in order to successfully clear shipment from customs.</p> <p>As well as compliance to SASO standards for Energy Efficiency Labelling; the electrical goods under this program must also meet the minimum star rating, detailed inside each standard / specification in the table below</p>

2. List of products that require Energy Efficiency Label:

Name of Product	Standard / Specification
Air Conditioners up to 65000 Btu/h	SASO 2663:2018
Air Conditioners of large capacity	SASO 2874:2016
Refrigerators up to 1100 Liter (39 ctf) Freezers up to 850 Liter (30 ctf)	SASO 2892:2018
Washing Machines up to 25 Kg	SASO 2885:2018
Lighting products part 1	SASO 2870:2018
Lighting products Part 2	SASO 2902:2018
Rotating machines	SASO 2893:2018
Fuel Economy For New Light Duty Vehicles	SASO 2847:2018
Vehicle tires	SASO 2857:2016
Clothes dryers	SASO 2883:2017
Water Heaters	SASO 2884:2018

3. Documents Required:

- Online application submission to SASO for a specific model that fulfills the required information online. The Applicant verifies that all of the information provided is valid.
- A valid Test Report from an ISO 17025 accredited lab for the performance according to Energy Labeling regulation
- Manufacturer/ Importer Declaration of Conformity (DOC) (attached)
- Manufacturer /Importer Commercial Registry Certificate
- Manufacturer /Importer Road Map (screenshot of google map)
- Quality Management Certificates if available
- Trademark registration certificate / License

4. How to Apply for the Energy Efficiency Label Certificate?

Applicants can obtain Energy Efficiency Label Certificate by applying through Saudi Label & Standard (SLS) website, <https://water.sls.gov.sa/>

TUV AUSTRIA can apply instead of the client as well.

5. Certificate Validity

The Water Consumption Rationalization Certificate is limited to the scope indicated in it, and may not be used for any other purpose. The validity of the certificate is one calendar year from the date of certificate issuance. The holder of the certificate must apply for the renewal at least 60 days prior to the certificate expiry date, or the application will be considered as new.

6. Fees

Service Description	Fees
Application / Review Fees	500 SAR
Certificate Issuance	500 SAR
Label license	500 SAR
To be paid if TUV AUSTRIA handled the application and the review of the Documents	2500 SAR
